PRESERVING & IMPROVING THE HEALTH AND WELFARE OF CITIZENS

- Leon County hosted the National Association of Counties' (NACo) Community Dialogue to Improve County Health Project. The day helped develop a framework to encourage collaboration and coordination between local healthcare organizations by establishing actionable steps moving forward.

NACo Day of Dialogue

- Provided funding to community healthcare partners (collectively "CareNet") as part of a Countywide effort to offer critical health services to uninsured and low-income residents:
 - » Leon County's investment in health services has helped realize a return of \$5.67 for every \$1 of County tax revenue contributed to CareNet.
 - » Leon County contributed \$1.7 million to help fund the more than 15,000 visits for primary care and mental health services for uninsured and low-income residents at Neighborhood Medical Center, Bond Community Health Center, and Apalachee Center.
- Leon County committed \$500,000 to support the construction of the Comprehensive Emergency Services Center. With help from numerous community partners, the building centralizes services to address homelessness in the community by relocating the Shelter and the Renaissance

Community Center. This move helps foster new investment and commercial development potential in the Frenchtown community.

- Leon County builds local and national partnerships to provide eligible residents critical and life-saving prescription drugs at reduced costs:
 - » Uninsured residents with limited income have received over 49,000 prescription medications, valued at more than \$3.1 million, through the CareNet partnership with FAMU Pharmacy, Bond Community Health Center, and Neighborhood Medical Center.
 - » Leon County residents used Leon County's free Prescription Discount Card, made possible through the County's partnership with the National Association of Counties (NACo), to fill more than 2,500 prescription medications not covered by insurance.
